

ROUTE 9 SITE COMMUNITY TASK FORCE

Agenda for April 2, 2002 meeting

April 2, 2002
7:00 – 9:30 p.m.
Facilitator: Margaret Norton-Arnold

Location: Woodinville Library
17105 Avondale Road NE
Woodinville, WA

Informal community task forces have been formed in the communities immediately adjoining each of the two sites under consideration for the Brightwater Treatment Plant. The task forces will assist in the planning of informational seminars and community design workshops, and will serve as important links between King County and the local community. In 2002, the task forces will assist in the planning of informational events and activities that will be most helpful in their area. For example, seminars on topics such as odor control or treatment plant technologies or tours to other wastewater treatment facilities may be planned. The task forces will also assist in developing themes for upcoming design workshops. Task force meetings will also allow time for members to share issues, concerns, or ideas they are hearing from their neighbors and communities.

Members of the public are welcome to observe Task Force meetings. Discussion at task force meetings is limited to Task Force membership. Public comment **will not** be taken at the task force meetings. If over time more community members want to become actively involved in the task forces, we will discuss ways to effectively involve them without interrupting the work of the task forces.

For more information on the Edmonds Unocal site or Route 9 site community task forces, contact Debra Ross at 206/684-1344 or debra.ross@metrokc.gov

AGENDA

PRIMARY GOALS FOR THE MEETING:

- ✓ Introduce Task Force members, review scope of work and operating groundrules.
- ✓ Review and discuss 2002-2003 public involvement plan.
